

May 6, 2008

To Whom It May Concern:

I am aware that the City of Portland and the Portland Fire Department are requiring the installation of 4 fire doors at 615 Forest Avenue. I intend to install one fire door per month beginning in June 2008. All 4 doors will be installed by the end of September 2008. The hardwired smoke detectors were installed in May 2008 as previously requested.

I ask for your cooperation and understanding in executing this plan to comply with your requirements.

I can be contacted at (207) 807-6178.

Sincerely,

Brian Stone
