This confirms the allowance for this application and other PV installations by Revision Energy to be fast track eligible due to their adherence to submittal details and longevity in obtaining permits in the City of Portland.

Please note that the mounting bracket detail specifications are required to be submitted.

Let me know if you have any questions.

Best,
Jeanie

Hi Allison

Technically, your work doesn't fit neatly in our fast track-able projects. I have discussed this with Jeanie Bourke, our plan reviewer, and she feels your work could be considered fast track-able in most cases. Please feel free to provide a fast track form with any of your single family projects.

Hi,

I have attached an application for Fast Track status for our permit for 18 Ashmont St, to install 48 solar panels onto the existing roof. Thanks!

This email is confirmation that we have received your request and an Administrative Assistant will be working to get back to you with an answer as soon as possible.

Because the majority of requests require research to resolve, it can sometimes take us up to 72 hours to respond; we make every effort to get back to you as quickly as possible and most queries are answered within 48 hours.

Though we will do our best to respond to you as quickly as possible, sometimes the best way to get immediate answers is to search our website [by clicking here](#) where you can find answers to questions like:

- [When is a Building Permit Required?](#)
- [When do I call for an Inspection?](#)
- [Are you eligible for Fast Track?](#)
- [How do I check the Status of my Permit Online?](#)

You can also find helpful step by step User Guides that will help walk you through things like:

- [How to Properly Submit Electronic Documents](#)

We hope this is helpful and again, thank you for contacting us. We'll be getting back to you as soon as possible!

Sincerely,

Doreen, Brad, and Emily
