Re: Sprinkler System NFPA Compliances for our work completed September 24, 2013 at Hope Gate Way, 509 Forest Avenue, Portland, ME. High Tech Fire Protection made modifications on the fire sprinkler system to relocate the fire sprinkler head away from the wall and towards the center of the room, per the requirements of Captain Chris Pirone.

High Tech Fire Protection hereby guarantees the design, materials and workmanship supplied by High Tech Fire Protection on the project entitled Hope Gate Way located at 509 Forest Avenue, Portland, ME to meet or exceed all requirements necessary for an approved NFPA #13 Automatic Fire Sprinkler System, and State and local authority.

This warranty "excludes" all areas of the existing building that were not involved in this modification
