You already have a copy of the Right, title & interest when the owner of the Laundry came down and applied for a building permit. He now has that permit in hand. So I paid \$3.00 to much for the permit please just keep the rest and let me install these 2 dryers.

Also, the check you sent was not the correct amount. An invoice is attached. Would you like to send a new check (and shred this one?)

We received your paperwork for the HVAC application. The attached is the documents provided. All applications must show right, title & interest for the proposed work. Right, title & interest can be proven in a number of ways; if this is a lease, then a copy of the lease showing they have right, title, and interest to do the work performed, or a letter or note expressing approval from the owner. Your application will stay on hold until this information has been received.

This is not an approval of your permit. Work cannot commence until the permit is issued.

Also, the process for obtaining a permit is attached for your review. Thank you.
