Jason,  
Attached as separate files.  
Can you send an e-plan link that I can use for future uploads?  
Best,  
Kevin

Kevin,

Thank you for the revised plans however the department policy is to not accept ZIP files. Please resubmit them as separate PDFs or google DOCS files thanks.

Laurie,  
Attached is the additional information you requested. It is included as a zip file. I have not seen a link to e-plan as of yet. If you would prefer I can upload these if provided a link.

- Statement of special inspections
  - Casco Bay Engineering is prepping the document. I will forward as soon as it is recieved.
- ComCheck
  - Attached shell and mechanical compliance certificate.
- Geotechnical report
  - Per our earlier email exchange, and upon consultation with our civil engineer and the geotechnical engineer who visited the site, we do not anticipate unstable or unusual soil conditions. The Owner understands by foregoing the geotechnical report, they will need to make the necessary adjustments should those conditions be uncovered. At this time the project delays from awaiting an opening in the geotechnical engineers time frame outweigh our anticipated risk for unusual soil conditions. I have attached a soils report prepared by our civil engineer.
- Revise code analysis as requested.
  - Attached pdf organizes code review in the format you requested.
- Specifications
  - Outline specification attached.
- Revisions to sheet A.01
  - Attached

Best,

Keivn

Adam and Kevin,

I am starting the plan review for the above referenced building permit. Can you please supply the following additional information.

- Statement of special inspections
- ComCheck
- Geotechnical report
- Revise code analysis as requested.

Once I receive this information, I will continue with the building code review.

Thanks,

Laurie
