Re: Violation at 63 Pleasant Avenue
Date: April 19, 2011

This letter is in regard to our phone conversation today re one violation at 63 Pleasant Avenue. A letter from you dated April 5, that I received on April 15, stated that I needed to install a fire door in the rear hallway to be in compliance. In our conversation I indicated that I could replace the door within four months and you approved that request. Thank you for your assistance on this matter.
