Barbara,

Thank you so much. I have not heard anything from the City as to if the 5' setback would be waived. I discussed this with Aurele and he was going to speak with Jeremiah, but I am not sure that ever happened. I would be happy to meet on site and resolve this issue so I can get the sign relocated and out of the way of construction.

Hello Rosemary:

Shukria Wiar from the Planning Office was coordinating with Jeremiah, Kevin, and Chris. I am adding her to this e-mail. I thought we had approved the modification. She has gone home for the day, but she can advise you tomorrow. I am not available tomorrow, but hopefully Shukria and either Jeremiah or Kevin could confirm this. The city's primary concern was sight distances for vehicles.

Thank you.

Barbara,

I have set the States right-of-way line with PK nails on the Delta Realty Property, 710 Forest Ave, Portland, Maine. Is there anyone from your office willing to meet me on site to review allowable placements for the sign? The right-of-way is shown on the attached picture. The sign pole will be placed back an additional 5' to make sure no portion of the sign overhangs into the States right of way. Is the City of Portland willing to waive the additional 5' setback?

Good morning Rosemary, I have looked at this so now the two sets of e-mails have become one and I see the sign that your talking about and it is the same one I thought it was. I will leave this up to planning the only concerns I have is sight lines for traffic movement as they are Jeremiahs concerns too!

Rose -

I spoke to Barbara Barhydt in Planning. It is up to Planning to grant a waiver if the sign criteria outlined in section 14-369.5 is not being met. It is Planning that has to grant the waiver for the five foot setback. Barbara asked if you could submit a plan that shows the existing right of way and existing sign locations and that shows the new right of way and the new sign locations.

You can email it directly to Barbara at bab@portlandmaine.gov

I'm still waiting to hear back from my boss about whether the fee can be waived.

Hello,

I am emailing in regards to the Delta Reality sign located at 710 Forest Ave., due to an eminent domain taking by the State of Maine and through no choice of their own, the Delta Reality sign will need to be relocated outside of the State of Maines newly acquired right of way. With all the impacts to this site the option for placing this sign are extremely limited. I have been working directly with Andrea Girard and local sign contractors to find a suitable location with that being said would you consider waiving the 5' set back from the states right of way?

Hi Sandy,

I know that this isn't your doing, but just so that you are aware, we were never given notice, nor sent an invoice, otherwise I would have disputed this back in January.

Would you kindly tell me who I need to contact in regards to clearing this up?
