Subject: 3 Pleasant Street, Portland, Maine

Dear MS Leader

Structural Design Consulting, Inc (SDC) was retained by Hardypond Development, LLC to provide structural engineering services at the subject project. Structural framing plans were prepared by Shields Architecture with input provided by SDC. SDC prepared necessary backup calculations to determine member framing sizes and load paths. Calculations were based on the structural design criteria of IBC/2009.

Please feel free to contact me if there is any question or if I can provide you with additional information.

Sincerely,

STRUCTURAL DESIGN CONSULTING, INC.

David J Tetreault, P.E.
Principal
