Mr. Jordan,

I am sorry that Lt. Pirone was unable to get in touch with you. Company officers work a rotating schedule and are not always immediately available.

Thank you for submitting the documentation. We are unable to approve this plan of action because of the time frame.

The fire prevention office can allow one door per month, we can allow the plan to begin on January 1 to be completed May 31, 2016. This in effect gives you six months to complete the project.

Please re-submit your signed Plan of Action with a corrected time frame and indicate when the boiler protection can be installed also.

Thank you,
Capt. Petruccelli
Portland Fire Department
