RE: 12-14 Alba Street
CBL: 133 C013
ZONE: R-5

Dear Mr. & Ms. Hickey,

At the February 6, 2014 meeting, the Zoning Board of Appeals voted 5-0 to deny the Practical Difficulty Variance Appeal to change the use of the property from two dwelling units to three dwelling units. I am enclosing a copy of the Board's decision.

Appeals from decisions of the Board may be filed in Superior Court in accordance with Rule 80B of the Maine Rules of Civil Procedure.

Should you have any questions please feel free to contact me at 207-874-8709.

Yours truly,

Ann B. Machado
Zoning Specialist

CITY OF PORTLAND, MAINE

ZONING BOARD OF APPEALS

ZONING BOARD APPEAL DECISION

To: City Clerk

From: Marge Schmuckal, Zoning Administrator

Date: February 7, 2014

RE: Action taken by the Zoning Board of Appeals on February 6, 2014

Members Present: Kent Avery, Chip Gavin, Eric Larsson, Sara Moppin (secretary), and Gordon Smith (chair)

Members Absent: William Getz

1. New Business

A. Practical Difficulty Appeal:

12-14 Alba Street, Emily & Christopher Hickey, owners, Tax Map 133, Block C, Lot 013, R-5 Residential Zone: The applicants are proposing to change the use of the property from two dwelling units to three dwelling units. Section 14-117(a)(2)(a) states that the "land area for a multiplex shall be six thousand (6,000) square feet of land area per dwelling unit". The lot is 5,500 square feet. The appellants are requesting a variance for the minimum land area per dwelling unit to be reduced from the required 18,000 square feet to 5,500 square feet. The appellants are also requesting a variance from section 14-120(a)(5) which states that the maximum lot coverage is forty (40) percent of the lot. The footprint of the existing structure is 2,406 square feet (43.7 percent). With the 4' x 6' landing, the proposed structure is 2,430 square. The appellants are asking for a variance to increase the maximum allowable lot coverage from 40 percent to 44.2 percent. Finally, section 14-120(a)(6) states that the minimum lot width for a multiplex is ninety feet. The appellants are requesting a variance to reduce the required lot width from ninety feet to the existing fifty-five feet. Representing the appeal are the owners. **The Zoning Board of Appeals voted 5-0 to deny the appeal to change the use of the property from two dwelling units to three dwelling units.**

"Practical Difficulty" Variance Appeal

DECISION

Date of public hearing: February 6, 2014

Name and address of applicant: Emily & Christopher Hickey
 5 Greenway Drive
 Falmouth ME 04105

Location of property under appeal: 14 Alba Street

For the Record:

Names and addresses of witnesses (proponents, opponents and others):

Christopher Hickey, applicant
Lenara Liebarritz, 14 Alba St., opponent
Maurice Dubiel, 15 Mabel St., opponent
Stephanie Philbrick, 15 Mabel St., opponent
Robert Ames, Holme Ave

Exhibits admitted (e.g. renderings, reports, etc.):

Statement in Opposition submitted by
Stephanie Philbrick, 15 Mabel St.
(in addition to Board packet)

Findings of Fact and Conclusions of Law:

The subject property is a non-conforming lot located in an R-5 residential zone. There is an existing two-family home on the lot with an attached vacant structure. The applicant is seeking a variance from three different dimensional standards in order to add a third dwelling unit within the vacant structure. The required lot area is 18,000 square feet (subject property is 5,500); required lot coverage maximum is 40% (subject property is 44%); required lot width is 90 feet (subject property is 55 feet wide).

"Practical Difficulty" Variance standard pursuant to Portland City Code §14-473(c)(3):

1. The application is for a variance from dimensional standards of the zoning ordinance (lot area, lot coverage, frontage, or setback requirements).

Satisfied 5 Not Satisfied 0

Reason and supporting facts:

Variance is from dimensional standards
(lot coverage, lot width and ~~lot~~ area)

2. Strict application of the provisions of the ordinance would create a practical difficulty, meaning it would both preclude a use of the property which is permitted in the zone in which it is located and also would result in significant economic injury to the applicant. "Significant economic injury" means the value of the property if the variance were denied would be substantially lower than its value if the variance were granted. To satisfy this standard, the applicant need not prove that denial of the variance would mean the practical loss of all beneficial use of the land.

Satisfied 3 Not Satisfied 2

Reason and supporting facts:

3 units are permitted uses in the R-5 zone.
Per ZRS forms, if you disregard
depreciation loss is only \$2000 per
year. Still has equity in
property. Loss was not significant
enough to meet standard.

3. The need for a variance is due to the unique circumstances of the property and not to the general conditions in the neighborhood.

Satisfied 4 Not Satisfied 1

Reason and supporting facts:

Abandoned, boarded up structure
that is not useable make property
unsafe -

4. The granting of the variance will not produce an undesirable change in the character of the neighborhood and will not have an unreasonably detrimental effect on either the use or fair market value of abutting properties.

Satisfied 3 Not Satisfied 2

Reason and supporting facts:

Divergence from zoning standards would be significant and neighbors believe they would be negatively impacted.

5. The practical difficulty is not the result of action taken by the applicant or a prior owner.

Satisfied 0 Not Satisfied 5

Reason and supporting facts:

Practical difficulty is the result of prior owner ~~abandoning~~ leaving property vacant and losing legally nonconforming status.

6. No other feasible alternative is available to the applicant, except a variance.

Satisfied 3 Not Satisfied 2

Reason and supporting facts:

Would be difficult to join 2 buildings
to incorporate existing units into new
structure. Removal of structure could
be costly. Would be very expensive to go
through contract

7. The granting of a variance will not have an unreasonably adverse effect on the natural environment.

Satisfied 5 Not Satisfied 0

Planning
process.

Reason and supporting facts:

Only minor change to impervious
surface, alterations are interior only,
no footprint change.

8. The property is not located, in whole or in part, within a shoreland area, as defined in 38 M.R.S.A. § 435, nor within a shoreland zone or flood hazard zone.

Satisfied 5 Not Satisfied 0

Reason and supporting facts:

Per zoning administrator,
property is not in shoreland
or flood zone

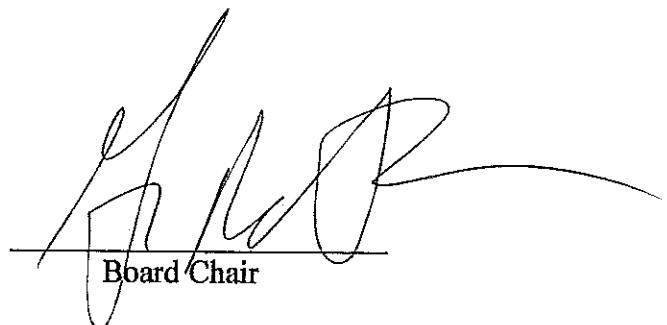

Conclusion: (check one)

Option 1: The Board finds that the standards described above (1 through 8) have been satisfied and therefore GRANTS the application.

Option 2: The Board finds that while the standards described above (1 through 8) have been satisfied, certain additional conditions must be imposed to minimize adverse effects on other property in the neighborhood, and therefore GRANTS the application SUBJECT TO THE FOLLOWING CONDITIONS:

Option 3: The Board finds that the standards described above (1 through 8) have NOT all been satisfied and therefore DENIES the application.

Statement In Opposition to
Practical Difficulty Variance Proposed for 14 Alba Street

Prepared by Stephanie Philbrick & Maurice Dubreuil
15 Mabel Street, Portland, Maine 04103

This statement is in opposition to a proposed zoning variance for 14 Alba Street, a property which abuts our home on 15 Mabel Street.

Our property will be affected by any changes in the Alba Street property since that building is just 5 1/2 feet from our property line. The structure at 14 Alba Street looms over our yard and would decrease our privacy if an apartment is added to the rear of the structure. We also propose that it would have a detrimental effect on our property value and affect the quality of life for anyone living in our house.

We purchased our home in 2001 with the understanding that, while the Alba Street structure was very close to our property line, the rooms at the back of that house were vacant and could not be occupied. The windows were boarded and we understood they would stay that way. We bought our home with this in mind both for our life in the house and for a future time when we might want to sell our property. As you will see from the enclosed photos, the Alba Street house is extremely close to our fence and lights and noise from increased occupancy would impact our property and anyone in our yard or even in parts of our house.

While we sympathize with the owners of 14 Alba Street, it seems they knowingly bought the property as a two unit building, and their difficulty is the result of action taken by a prior owner. It is our understanding that the current back part of the building was constructed without proper approval and deemed uninhabitable by the City because of zoning violations. Granting a variance may make the property more saleable but seems unlikely to improve the neighborhood or the City. The only people to benefit from the zoning change would be the owners of the Alba street property, while neighborhood quality for us and other abutters is likely to decline due to decreased privacy and increased noise, light and traffic.

Certainly the owners of 14 Albas Street care for their property as an investment, but we live in our home and would be much more impacted by these changes than they would. This is our home, our yard. This is where we both live and work, so we spend almost all of our time here. We have invested our time, money and energy into renovating our house and yard, and view it as our future. We spend a lot of time in our yard relaxing and gardening, and occupancy in the back of the Alba Street structure would affect our enjoyment of our own property.

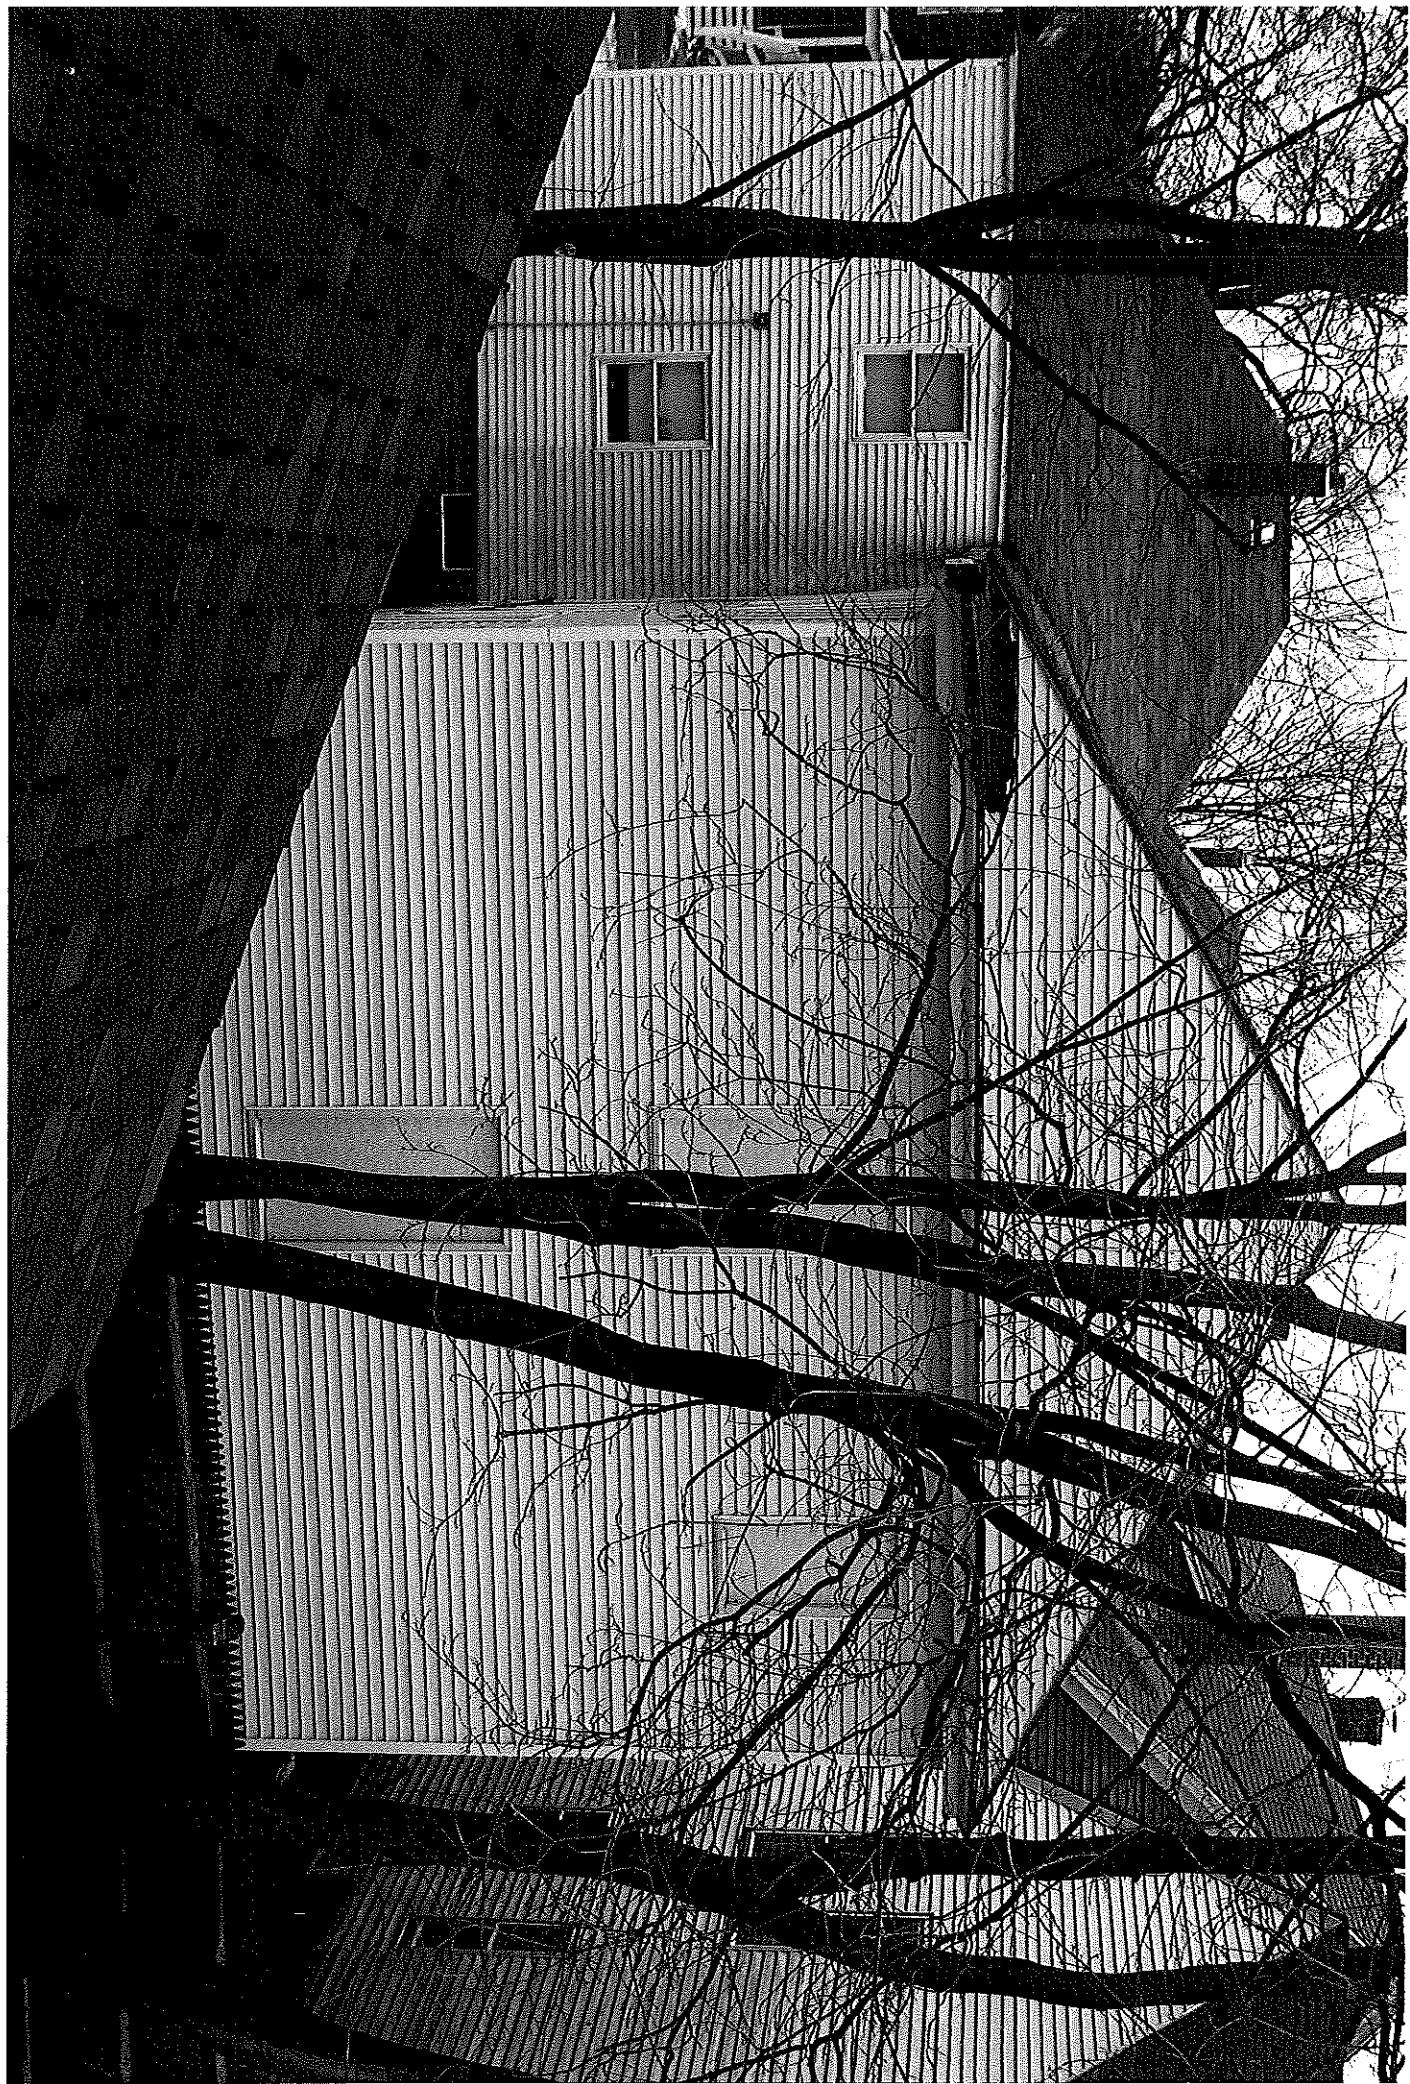

We ask you to consider these issues when deciding upon the Practical Difficulty Variance submitted by the owners of 14 Alba Street.

Stephanie Philbrick

Maurice Dubreuil

IMPORTANT NOTICE FROM CITY OF PORTLAND ZONING BOARD OF APPEALS

IN THE VICINITY OF 14 ALBA ST

The Zoning Board of Appeals will hold a public hearing on Thursday, February 6, 2014 at 6:30 p.m. on the second floor in room 209 at Portland City Hall, 389 Congress Street, Portland, Maine to hear the following appeal.

Practical Difficulty Appeal:

12-14 Alba Street, Emily & Christopher Hickey, owners, Tax Map 133, Block C, Lot 013, R-5 Residential Zone: The applicants are proposing to change the use of the property from two dwelling units to three dwelling units. Section 14-117(a)(2)(a) states that the "land area for a multiplex shall be six thousand (6,000) square feet of land area per dwelling unit". The lot is 5,500 square feet. The appellants are requesting a variance for the minimum land area per dwelling unit to be reduced from the required 18,000 square feet to 5,500 square feet. The appellants are also requesting a variance from section 14-120(a)(5) which states that the maximum lot coverage is forty (40) percent of the lot. The footprint of the existing structure is 2,406 square feet (43.7 percent). With the 4' x 6' landing, the proposed structure is 2,430 square. The appellants are asking for a variance to increase the maximum allowable lot coverage from 40 percent to 44.2 percent. Finally, section 14-120(a)(6) states that the maximum lot width for a multiplex is ninety feet. The appellants are requesting a variance to reduce the required lot width from ninety feet to the existing fifty-five feet. Representing the appeal are the owners.
For more information you may contact Marge Schmuckal, Zoning Administrator, at 207-874-8695.
