TYPE OF CONDITIONAL USE PROPOSED:

Day Care up to 12

STANDARDS: Upon a showing that a proposed use is a conditional use under this article, a conditional use permit shall be granted unless the Board determines that:

1. The volume and type of vehicle traffic to be generated, hours of operation, expanse of pavement, and the number of parking spaces required are not substantially greater than would normally occur at surrounding uses or other allowable uses in the same zone; and
2. The proposed use will not create unsanitary or harmful conditions by reason of noise, glare, dust, sewage disposal, emissions to the air, odor, lighting, or litter; and
3. The design and operation of the proposed use, including but not limited to landscaping, screening, signs, loading deliveries, trash or waste generation, arrangement of structures, and materials storage will not have a substantially greater effect/impact on surrounding properties than those associated with surrounding uses of other allowable uses in the zone.

NOTE: If site plan approval is required, attach preliminary or final site plan.

The undersigned hereby makes application for a conditional use permit as described above, and certifies that the information herein is true and correct to the best of his OR her knowledge and belief.

Ann Machado
Acting Zoning Administrator

To the Zoning Board of Appeals;

Thank you for considering my request for a Conditional Use Appeal. I have a Family Home Child Care in a R-5 zone, 161 Clinton Street, that I opened September of 2013. It has been a great success for children and their parents and well received by the local community.

Please accept this application to change my status as a Home Occupation Family Child Care to a Daycare for up to 12 children in the R-5 zone.

I have realized a financial hardship. Although, I am licensed to enroll six children, it is difficult to maintain enrollment at the maximum. At the beginning of the school year, parents will confirm, pay the deposit yet at the last minute find alternative care, primarily receive acceptance to the free public preschool. The number enrolled decreases as the year proceeds too as families move and withdraw for any number of reasons. If I had slightly more flexibility, ideally to enroll up to eight children, I would be in a better position financially to adjust to enrollment losses, creating a more sustainable business.

In response to the criteria in section 14-118(c) (3) and the (3) standards listed on the Conditional Use Application:

1. Off Street Parking

The volume and type of vehicle traffic to be generated, hours of operation, expanse of pavement, and the number of parking spaces required are not substantially grater than would normally occur at surrounding uses or other allowable uses in the same zone.

Many parents walk from neighboring homes, car pool and arrive and depart at varying times. They can pull into our driveway for drop off and pick up. There may be at most (3) additional cars for a five-minute period.

The hours of operation are between 9:00 a.m. and 3:00 p.m. Longfellow School, nearby on Stevens Ave., begins at 8:30.

2. The proposed use will not create unsanitary or harmful conditions by reason of noise, glare, dust, sewage disposal, emissions to the air, order, lighting, or litter

The children ages 3-5 years will play outside for an hour of the preschool day and during that time we often visit Baxter Woods, Evergreen Cemetery, Burbank Library, or neighboring businesses for field trips. Their bodies are small and they are mostly quiet. The school does not create any harmful conditions.

3. The design and operation of the proposed use, including but not limited to landscaping, screening, signs, loading deliveries, trash or waste generation, arrangement of structures and materials storage will not have a substantially greater effect impact on surrounding properties than those associated with surrounding uses of other allowable uses in the zone.

The backyard is well landscaped, screened and buffered. I am a Cooperative Extension, Master Gardener and have shown my yard on several garden tours. We have an extensive organic garden and fruit trees and bushes in the side and back yard. There are rows of hemlock trees between the abutting neighbors.

Toys are stored in the garage.

My husband and I occupy the home and it is compatible with the other surrounding properties; there are no exterior alterations or visible signs that it is more than a residential home.

d. Solid Waste shall be stored in covered containers. Such containers shall be screened on all four(4) sides."

Recycling containers are enclosed on our back porch and screened by our porch railings. We are a Nature-Based Preschool and generate very little waste. Parents pack lunch for children in reusable containers. Children are out of diapers. We use cloth towels for our hands.
