Quality Construction

- 15 Year Warranty
- 54" double door with keyed lock entry
- 2" x 4" Constructions
- PT floor joists with OSB sheathing
- 6' Sidewall
- Peak Roof
- Asphalt Roof Shingles

New this year, our Val-U Plus line of sheds is specially designed for the customer looking for more space and a traditional look. Six-foot walls increase storage capability, and the peak roof is a handsome complement to your backyard. If you're looking for more storage, the Val-U Plus offers larger sizing options— 8x8, 8x10, and 8x12— each at a great price point. Put the finishing touch on your shed by painting the Smart Siding the color of your choice.

Choose from a variety of upgrades, packages and options

John Deere Package [For Smart Siding](#)

We teamed up with John Deere to create the John Deere Package, available in our Val-U and Val-U Plus shed lines. True to the John Deere tradition of lasting quality, this upgrade package creates the most rugged, durable shed you can buy. Features include the Tough Floor—up to 200 times stronger with 2 x 6 pressure-treated floor joists, a 54"-wide heavy-duty door, concealed door hinges and keyed locking hardware. We've thought of everything, including diamond-plating to protect the threshold from tractor wear and tear.... and it's all backed by our 15 year warranty.

Step by Step Personalization

- STEP 1: SHED STYLE
- STEP 2: SIZE
- STEP 3: ROOF STYLE
- STEP 4: FEATURES & TRIM
