Ms. Bourke,

I, Paul B. Becker, P.E., ME Reg. # 6554, hereby state that I, as the Structural Engineer of Record responsible for the design, have complied with the structural provisions of the International Building Code as applicable to this project.

I further state that to the best of my knowledge and belief, the structural work referenced in the construction documents for this project has been constructed in accordance with the International Building Code, all other applicable codes and regulations, and the plans and specifications prepared under my supervision.
