

Portland Public Schools
Ocean Avenue Elementary School
Landscape Maintenance Plan
January 2011

137-A-8
Permit #
090216

1. The Portland Public Schools through the City of Portland's Department of Public Services, or by outside sources per contractual agreement, will have the responsibility for landscape maintenance including green roof, bio-retention beds, and storm water permit requirements at this facility.
2. The Portland Public Schools will be responsible for budgeting to provide the appropriate level of service upon the advice of the City of Portland's Department of Public Services and Budget Office.
3. The Portland Public Schools will be responsible for litter control in the landscaped areas; selective weeding and clearing of the bio-retention beds to the extent trained; mowing around obstacles and small areas not easily accessed by Public Services' equipment; reporting concerns to Public Services' staff; and maintaining a safe environment for pedestrians and other site users.
4. The City of Portland's Department of Public Services, or by contractual service, will be responsible for maintaining the school grounds including mowing, irrigating, tree trimming, green roof maintenance, caring for the bio-retention beds, and otherwise meeting storm water permit requirements.
