Re: 60 Mayland Street

Dear Mr. McClellan,

At the back of our property, which is behind 56 Mayland Street, our lot abuts your property located at 46 Mayland Street. As required by the City of Portland, we would like to notify you that we will be demolishing our current one-car garage and having a new, one-car garage built in its place. This should have no affect on your property since the garage is quite a distance from our joint property line.

Sincerely,

Michael R. Colton
