We still have not received the requested info on this permit application. Please provide it ASAP so the permit can move forward. If we do not hear from you soon, your application will be voided, and you will have to start the process over. We look forward to seeing this soon; thank you.

This is not an approval of your permit. Work cannot commence until the permit is issued.

>>> Building Inspections 12/23/2015 9:10 AM >>>

Consolidating files and entering permit for customer; Still waiting on information on the installer. This permit will not move forward until we receive a complete application.
