Dear Sir/Madam,

I called your office and was told to write this letter regarding violations at 37 Sawyer St. Portland, ME:

The third floor is already up to standard/code.

I am being told I can replace the first and second floor doors with Fire Code grade slabs, now knowing this my plan is to replace them as soon as I am able (the month of September, I run a seasonal business during the summer months).

Also, I had Campbell's Electric do some work and install smoke alarms. There is an odd layout of each unit, and tenants are using a third smaller room (that can only be accessed via the another room) as bedrooms. I will have the electrician return to alarm them.

I will update you when contracts are signed/work is in progress.

Please feel free to contact me with any concerns (207) 400-6725.

Thank you,

Michael Scannell
