Subject: Withdraw electrical permit

Hello,

I'd like to formally request that the electrical permit issued to Twin Electric for 144 Ocean Avenue in Portland be withdrawn or cancelled.

I hired Twin Electric back in February and despite repeated requests, delays and cancellations, they have not returned to finish the work. I have hired a new electrician who will apply for a new electrical permit this week.

Please let me know if you have any questions or need more information.

Thank you,

Roxanne Gullikson
