Re: 450 Baxter Boulevard (139 K013)

Please find attached section 14-426 of the Zoning Ordinance, which limits fences within 25 feet of a street line to 4 feet or less. This notice is to make it absolutely clear that the project has not received approval for any fences that are not in compliance with the attached Zoning regulation and that the installation of fences in excess of the 4 foot limitation in the areas prescribed by Section 14-426 constitute a violation of City Ordinance.
