

7/14/16

To Whom It May Concern,

I wanted to add these extra pictures of the barrier that is pre-existing around the patio. We intend on bricking the area that currently has high glass on it next spring before outdoor dining season begins. We will not even be opening the restaurant till late fall/early winter, but we wanted to be able to have this application submitted.

Thank you for you consideration!

Sincerely,

Paige Gould
