Permit Application

Dear Jonathon:

We are pleased to submit the permit application to the City of Portland for the property at 77 Read Street. In correspondence from Marge Schmuckal, City of Portland Zoning Administrator, dated March 14, 2013, it is stated that in order for a determination concerning the use of the property as two-unit to be made, the owner must remove an internal stairway in a manner consistent with Building Codes. It is further stated that the city is requiring a permit application to verify compliance with Building Codes and to provide documentation of this action.

In addition to removal of the internal stair, the permit application addresses upgrades to smoke detectors and the installation of carbon monoxide detectors.

Thank you for your assistance in this matter. Please feel free to contact me with any questions or concerns.

Sincerely,
Harriman
