CITY OF PORTLAND, MAINE  
BUILDING & INSPECTION SERVICES

Date January 2, 1974

With relation to permit applied for to demolish a dwelling  
at 1035 Forest Avenue it is unlawful  
to commence demolition work until a permit has been issued from  
this department.

Section 6 of the Ordinance for rodent and vermin control  
provides: "It shall be unlawful to demolish any building or  
structure unless provision is made for rodent and vermin  
eradication. No permit for the demolition of a building or  
structure shall be issued by the Building Inspection Department  
until and unless provisions for rodent and vermin eradication  
have been carried out under supervision of a pest control  
operator registered with the Health Department.

The building permit for demolition cannot be issued until the  
provisions of this section have been satisfied. It is the  
obligation of owner or demolition contractor or both to take  
up with the Health Department the matter of complying with this  
section, being prepared to inform that department what registered  
pest control operator is to be employed.

Very truly yours,

Mr. Paul Merrill  
Maine Lumber Co. Inc.  
1037 Forest Avenue

Dear Mr. Merrill:

In answer to your inquiry of April 17, 1973 to establish an operation as described in your letter, this use would be allowable in the I-2 Industrial Zone. (Sec.C02.12A.2.c)

I would call to your attention at this time that paragraph 3 of your letter states that, trucks would be bringing bark from the surrounding areas via trucks, I would therefore call your attention to Section 602.15.B of the Zoning Ordinance on loading bays which states that an area of at least 50' x 14' may be located either within a building or outside joining an opening in the building. One loading bay is required for buildings 5,000 sq. feet to 40,000, two bays from 40,000 to 100,000, three bays from 100,000 to 160,000, etc.

Your letter and my reply will be on file here at this office. If I can help you in any way in the future please do not hesitate to call me here at this office in City Hall.

Very truly yours,

A. Allan Soule  
Assistant Director

City Hall  
Portland, Maine 04111

Dear Mr. Soule:

I appreciate discussing the I-2 zone recently with you and wish to clarify more readily what the type of operation would be we are considering.

(1) It would be a typical planing mill operation receiving rough lumber in from various points in the state, milling and shipping it. This, of course, would require some inventorying of lumber in our yard for processing. The stipulation in the zone requirements was questionable whether all of this lumber must be under cover or in.

(2) There would be a shaving manufacturing operation which would consist of taking round bolt wood such as pulp wood, placing it in a lathe-type machine, debarking it and then with a special set of knives cleaving off thin particles of wood which would resemble a shaving. This product would then go to a rotating dryolator to be dried, then after processing blown into a shaving storage room for packaging. The bolt wood on this project would be received in green and need to be piled in the yard so there would be some reserve for processing. Here again, would the zone requirements require it being placed under cover? In either of these cases, we could not afford to erect storage buildings, nor would it be practical to place the bolt wood or the rough lumber either in buildings or sheds. All other processes of manufacturing and packaging would be in buildings.

(3) There would be a bark packaging process also. This bark would be brought in via trucks from surrounding areas and would be placed inside of a storage bin upon arrival for processing and packaging.

April 17, 1973

I believe the above described the type operation we are interested in locating within the city limits and in an I-2 zone. It would be nothing different than is carried on presently at Fox Lumber, Richardson Dana, or formerly Maine Lumber on Bishop Street, except for the shaving manufacturing process which would require the storage of some round wood instead of manufactured lumber.

I would appreciate your clarification of our ability to locate such an operation in an I-2 zone and will await your further advice.

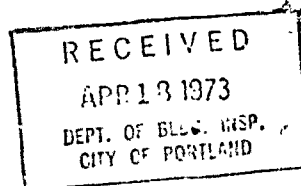

Any further questions, will be glad to hear from you.

Dear Mr. Soule:

This will acknowledge your letter in regard to an  
I-2 zone.

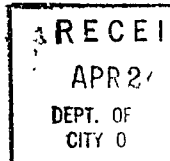

However, I would like to know what is contained in  
Section 602.15.B of the Zoning Ordinance which would  
apply to the bark. Does this have to be stored under  
cover or what are the requirements of it?

Very truly yours,

Dear Mr. Merrill:

In answer to your inquiry of April 24, 1973. We do not, nor does the Fire Department have any regulations on the storage of bark. I would say that it would need to be stored in such a way so that it does not interfere with others. I hope I have answered your question, and if I can be of any further help please let me know.

Very truly yours,

Leasure Tuttle & Lee,  
533 Forest Avenue

Dear Mr. Merrill:

This office sees no way that your proposed addition, which will be 220' x 112' or 24,640 sq. feet of floor space may be built without providing a sprinkler system. In an unprotected non-combustible building such as you propose, the limiting area is 9,000 sq. feet without a sprinkler system. Your proposed building, even if a 4-hour wall was constructed to split the area in half would still exceed the limitation by 4,000 sq. feet in each sub-divided area.

There appears to be no recourse except to sprinkler the building if you wish to proceed with its construction.

Very truly yours,

Earle E. Smith  
Plan Examiner

Attention: Mr. Paul Merrill

Dear Mr. Merrill:

O  
In answer to your inquiry of April 34, 1973. We do not,  
nor does the Fire Department have any regulations on the  
storage of bark. I would say that it would need to be  
stored in such a way so that it does not interfere with  
others. I hope I have answered your question, and if I  
can be of any further help please let me know.

P  
Very truly yours,

A. Allan Soule  
Assistant Director

April 19, 1973

Mr. Paul Merrill  
Maine Lumber Co. Inc.  
1037 Forest Avenue

Dear Mr. Merrill:

In answer to your inquiry of April 17, 1973 to establish an operation as described in your letter, this use would be allowable in the 1-2 Industrial Zone. (Sec.602.12A.2.c)

I would call to your attention at this time that paragraph 3 of your letter states that, trucks would be bringing bark from the surrounding areas via trucks, I would therefore call your attention to Section 602.15.B of the Zoning Ordinance on loading bays which states that an area of at least 50' x 14' may be located either within a building or outside joining an opening in the building. One loading bay is required for buildings 5,000 sq. feet to 40,000, two bays from 40,000 to 100,000, three bays from 100,000 to 160,000. etc.

Your letter and my reply will be on file here at this office. If I can help you in any way in the future please do not hesitate to call me here at this office in City Hall.

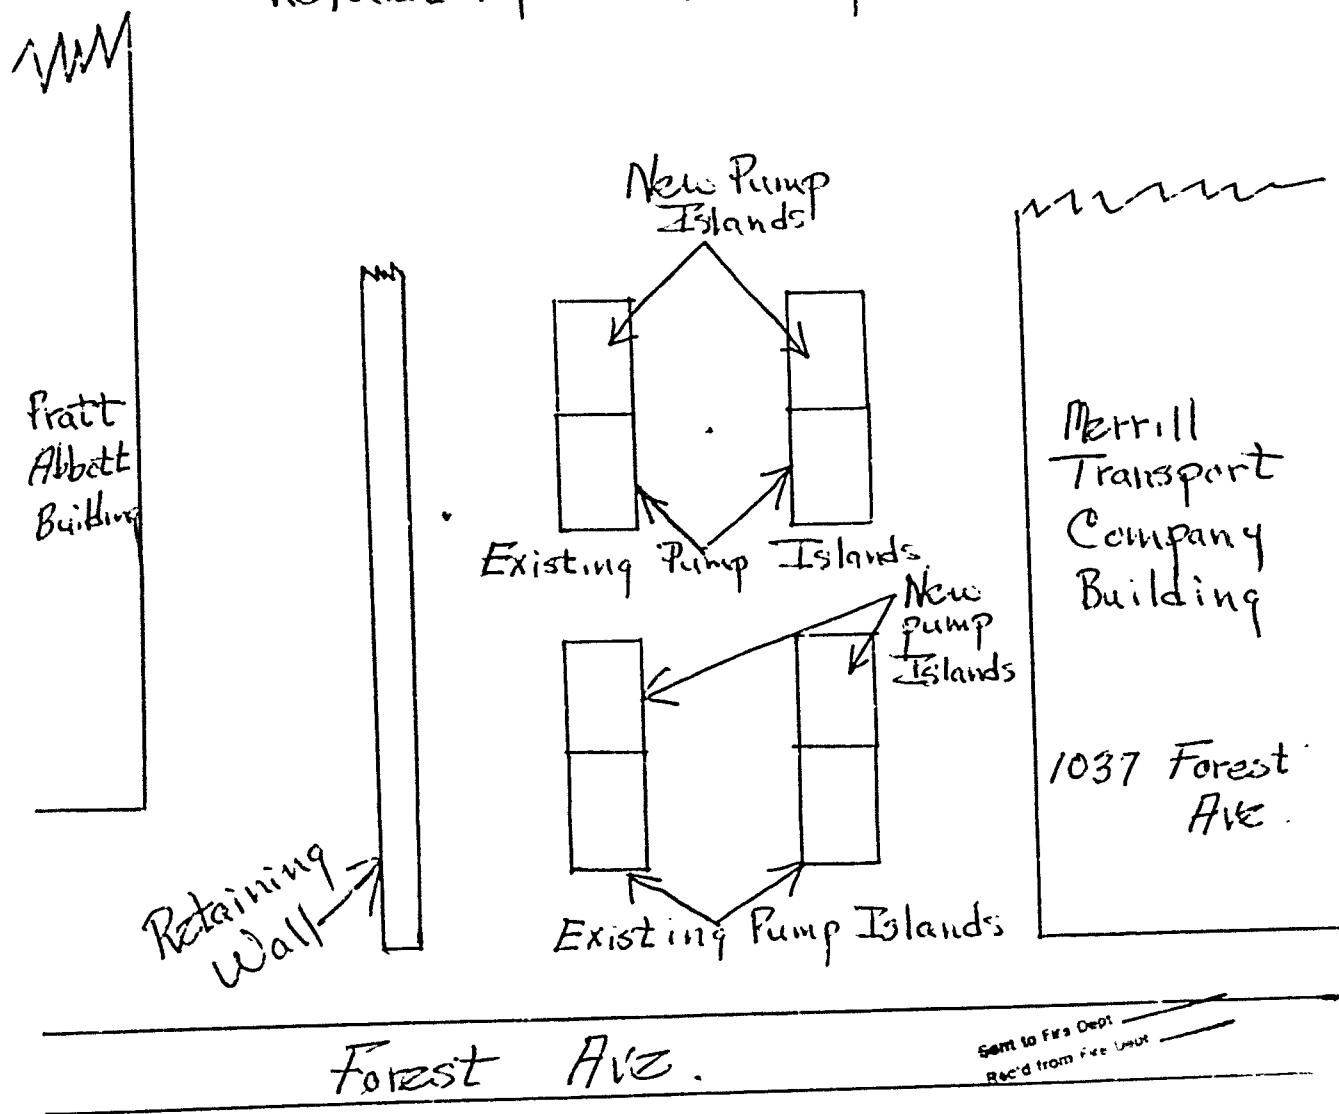

Very truly yours,

A. Allan Soule  
Assistant Director

Name

CITY OF PORTLAND, MAINE  
MEMORANDUM

TO: Donald E. Megathlin, Jr., Planning Director  
F. Worth Landers, Public Works Director  
FROM: R. Lovell Brown, Director, Building & Inspection Services  
SUBJECT: Sign Review Committee - Sign for Merrill Transport Company

DATE: 7-16-69

I received a phone call from Neo-Kraft Sign in Lewiston in reply to my recent letter as Secretary of the Sign & Review Committee stating that we preferred a reduced size sign. They have informed me that they felt that the sign was not excessively large from a height and distance aspect and would like to have a meeting with us to justify their position, possibly in the next week. I informed them that I would submit this memo requesting same and would appreciate your contacting me and stating the time and date that we may get together with them to hear their side.

Bob Brown, Sign Review Committee, Secretary

RLB:m

7/16  
Bob - I am on vacation next  
week. (July 21 - 25).  
Would be willing to hear them  
after that - doubt that  
I would be willing to  
accept the judgement of a  
sign Co. in Lewiston as being  
better than ours concerning  
what is best for  
Portland. Z

No: 1037 Forest Ave.

August 6, 1961

Hoo-Kraft Sign Co.  
100 Elm Street,  
Lowiston, Maine  
Attention Mr. Hammer

cc: Merrill Transport Co.  
1037 Forest Avenue  
cc: Donald McAtlin, Planning Director  
cc: Keith Leland, Director Public Works

Dear Mr. Hammer:

The Sign Review Committee has reviewed your request for reconsideration of the sign submitted for the above address. Subject to the following changes being made we will accept the sign.

1. That the overhang be reduced so that the end of the outer line of the sign does not exceed the overhang of the cornice of the building. This would mean that the sign would be moved backwards approximately two feet.
2. The cylinder post or riser should be reduced in dimensions from 8"4" to 8". This reduction eliminates the need to seek approval from the City Council. In event that the Merrill Transport Co. feels the 8"4" is essential they should be prepared to present their case to the City Council.

I would like to point out that the City Council has been very stringent regarding approval of signs therefore the reason why the suggestion made in Item 2 to a reduction of 8" which eliminates the need for their approval in this case. As soon as we may hear from you the permit for same will be issued from the Building Inspection Department subject to the above conditions.

Very truly yours,

RLR/h

P. Lovell Brown

CITY OF PORTLAND, MAINE  
MEMORANDUM

TO: Mr. Bob Brown, Building Inspections  
Mr. Worth Landers, Public Works  
FROM: Donald E. Megathlin, Jr., Planning Director  
SUBJECT: Merrill Transport Company

DATE:

August 5, 1969

The sign review committee voted today to inform Merrill Transport that this sign would be acceptable subject to the following changes:

1. That the overhang be reduced in length and that the outer line of the sign not ~~to~~ exceed the front cornice of the building. This means that the sign would be pushed back approximately two feet.
2. The cylinder should be reduced in dimensions from 8'4" to 8'. This reduction eliminates the need to seek approval from the City Council. In the event that Merrill Transport feels the 8'4" is essential, they should be willing to present their case to City Council.

It should be mentioned to Merrill Transport that the City Council has been very stringent regarding approval of signs.

Donald E. Megathlin, Jr.

Gentlemen:

In reference to our recent conversation pertinent to the sign for Merrill Transport Company, you are invited to attend the meeting of the Sign & Review Committee on Thursday, July 31st at 9 A.M. and may meet with me in Room 113 on the first floor in City Hall prior to that time.

Very truly yours,

R. Lovell Brown  
Director, Building Inspection Department

cc to: Merrill Transport Company  
1037 Forest Avenue

Neo-Kraft Sign Company  
100 High Street  
Lewiston, Maine

Gentlemen:

The Sign Review Committee has reviewed your application and drawings for a sign at the above address. As the sign was felt to be excessively large, it was the decision of the committee to inform you that if the circular portion were reduced to approximately 6' in diameter and the balance of the sign reduced accordingly in proportion, with a top limiting height of 10' above the roof surface and the belt portion not to protrude beyond the cornice eave of the building then the sign would be acceptable.

If you will alter your plan accordingly and re-submit to us we will then process the permit.

Very truly yours,

R. L. Brown  
Director, Building Inspection Department

WRITTEN CONSENT AND AGREEMENT RELATING TO A CERTAIN SIGN PROPOSED  
TO BE ERECTED PROJECTING OVER A PUBLIC SIDEWALK FROM THE  
PREMISES AT 1037 FOREST Ave IN PORTLAND, MAINE

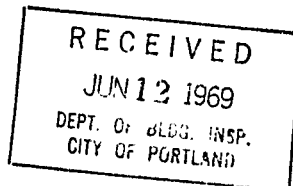

Mr. Paul E. Merrill being the owner of the  
premises at 1037 Forest Ave. in Portland, Maine hereby gives  
consent to the erection of a certain sign owned by Merrill Transport Co.  
projecting over the public sidewalk from said premises as described in  
application to the Inspector of Buildings of Portland, Maine for a  
permit to cover erection of said sign;

And in consideration of the issuance of said permit \_\_\_\_\_  
Paul E. Merrill, owner of said premises, in event said sign  
shall cease to serve the purpose for which it was erected or shall become  
dangerous and in event the owner of said sign shall fail to remove said  
sign or make it permanently safe in case the sign still serves the purpose  
for which it was erected, hereby agrees for himself or itself, for his  
heirs, its successors, and his or its assigns, to completely remove said  
sign within ten days of notice from said Inspector of Buildings that said  
sign within ten days of notice from said Inspector of Buildings that said  
sign is in such condition and of order from him to remove it.

In Witness whereof the owner of said premises has signed this  
consent and agreement this 11th day of June 1969.
