Attachments: 10-7 plan set.pdf; 2015-02013 Gen Building Permit Application (1).pdf; 2015-02206 Gen Building Permit Application (1).pdf

Ann,

I have attached a new plan set and two revised general building permit applications for 135 Walton Street. Regarding the new plan set:

Plan A-1: This is the plan dating back to 2012 that approximates the existing conditions when the new owners took over in May.

Plan A-2: This highlights the work that we are doing this Summer/Fall to convert the former laundry operation into a multiple of more marketable, safer tenant spaces.

Plan A-3: Represents permit application 2015-02013, what we are calling Phase I.

Plan A-4: Represents permit application 2015-02206, what we are calling Phase II

I have revised permit application 2015-02013, as directed to include Unit K as storage/warehouse space for Izzy's Cheesecake.

I have revised permit application 2015-02206, as directed, which establishes the new uses in Units L, M & N.

I have asked the Unit H tenant that is expanding into Unit L to provide their State permit, also as directed.

The electrician and the plumber will be pulling their own permits. Hi-Tech Fire Protection will be providing a letter with a plan revision showing minor sprinkler head modifications/relocation.

PLEASE let me know if there is anything else I can do to expedite.

Very Best,

Mike Lyne
