Subject: Fire Alarm System Review for Linnell Hall UNE Portland, ME

I performed a review of the fire alarm system design drawings for the renovations to Linnell Hall at UNE Portland on Stevens Ave, Portland Maine. The submittal package included the floor plans, riser diagram, battery calculations, and cut sheets.

I found that the revision, dated March 29, 2017, of the fire alarm system design to be code compliant and adequately support the fire detection, alarm and notification requirements of this facility.
