To whom it may concern:

Attached is the interior demolition permit application for 812 Stevens Avenue. The building had a fire on the first floor in 2013 and the attached permit is to remediate the fire damaged areas. To remediate, we must demolish interior non-bearing walls. Anticipated remediation costs are estimated to be \$34,000 and application fee of \$388 will be filed electronically. Servpro of Portland will be providing remediation and demolition services. Please let me know if you need any further information in regards to the demo permit application
