

- **Building mounted signage:**

- One building mounted sign graphic is proposed on the Forest Avenue façade. The sign will be a metal panel Park Danforth tree logo secured to the Masonry Façade. The overall dimension is 7'-6" wide by 18'-19" tall logo/sign to secured to brick façade with anchor shields. Total area of graphic is 94+/- SF. The sign will be illuminated with two building mounted LED (down light) fixtures (see attached cut sheet).

- **Wayfinding Signs:**

There are four two-sided wayfinding signs; sign panel is 24 inches by 36 inches with total sign height of 6 feet. Sign posts are direct burial, two 4x4 post per sign. Signs are as follows:

- "Emergency Vehicles Only", located on Stevens Avenue (former main access drive).
- "Right Turn in Only", located on Stevens Avenue for restricted right turn entry.
- "Entrance", sign located at the new Arbor Street main entrance.
- "Service Entrance", located on Forest Avenue.
