- 1) The parking area shall be reduced in width to 32 feet along Arbor Street as shown on the revised plan submitted on May 29, 2014. Tom Errico, Consulting Traffic Engineer, agreed to granting a waiver from the maximum width of 20 feet to allow for the 32 foot width as this improves an existing situation and there is limited traffic on Arbor Street.
- 2) all required building and other permits are obtained from the City prior to the start of construction.
- 3) Attachments include James Somma e-mail dated May 29, 2014 and revised plan.
