---

Ann

The second floor has been an apartment for a number of years, I would dare to say 18 years or more.

The ramp was built when the 21 x 23.5 addition was built. 2001

Thank you

Jimmy

James -

I have completed my initial zoning review and I have a couple of questions that I need answered before I can sign off on the permit.

1. I understand that you are changing the first floor from retail to a dwelling unit. What is the use on the second floor?
2. The site plan shows a handicap ramp. When was the ramp built? The last building permit we have for the property was from 2001 (#01-0817) to build a 21' x 23.5' addition.

Thank you.
