Dept: Zoning **Status:** Approved with Conditions **Reviewer:** Marge Schmuckal **Approval Date:** 11/13/2003

Note: 11/13/03 spoke with tenant at the counter - the new sign proposed for the existing pole sign out front can not be approved - too much signage already- plus some of the tenants have installed additional signage on site - the new tenant removed that additional pole sign from this permit so that only the awning with signage could be approved. **Ok to Issue:**

- 1) Only the awning with signage is being approved under this permit. The new sign to be attached to the existing pole sign was removed from this permit. That additional signage would put the pole sign over the maximum allowed under the ordinance.

Dept: Building **Status:** Approved with Conditions **Reviewer:** Tammy Munson **Approval Date:** 11/14/2003**Note:** **Ok to Issue:**

- 1) Signage Installation to comply with Chapter 31 BOCA 1999

CHECKLIST FOR SIGN/AWNING APPLICATION

Applicants for a sign or awning permit are required to submit the following information to the Code Enforcement Office at the time of application:

- Certificate of Liability listing the City as additional insured if any portion of the sign abuts or encroaches on any public right of way, or can fall into any public right of way. Amount must equal \$400,000.00.
- Letter of permission from the owner indicating the permissions granted and the tenant/space building frontage.
- A sketch plan of lot, indicating location of buildings, driveways, and any abutting streets or rights of way, lengths of building frontages, street frontages, and all existing setbacks. Indicate on the plan all existing and proposed signs with their dimensions and specific locations.
- A sketch or photo of any proposed sign(s) indicating content, dimensions, materials, source of illumination, and construction method, as well as specifics of installation/attachment.
- Certificate of Flammability required for awning or canopy at time of application.
- UL# required for lighted signs at the time of Final Inspection. Failure to provide this information will invalidate the Sign Permit.
- Pre-Application Questionnaire completed and attached. Photos of existing signage attached.

**Permit Fee for signage or awning-with-signage:
\$30.00 plus \$1.00 per square foot of sign.**

**Permit Fee for awning-without-signage is based on cost of work:

Sidewalk Signs

Design, Location, and Construction Standards

Quantity

One sign per establishment for each street frontage having a public entrance, provided that all dimension and location standards are met. When standards would not otherwise permit a sign, a sign may consist of multiple listings.

Sign Dimensions

Single Listing: Maximum width is 24 inches or such lesser width sufficient to retain 4 ½ feet of unobstructed sidewalk width perpendicular to major flows. Maximum height is 40 inches to top of sign in place. Minimum height is 30 inches to top of sign in place.

Multiple: Maximum width is 30 inches or such lesser width sufficient to retain 4 ½ feet of unobstructed sidewalk width perpendicular to major flows. Maximum height is 40 inches to top of sign in place. Minimum height is 30 inches to top of sign in place.

Location

Minimum distance between signs is 20 feet. Maximum distance of sign from public entrance of advertiser is 20 feet. The City may vary these distances for exceptional physical circumstances where public safety and streetscape aesthetics will be maintained. However, under no circumstances shall signs obstruct vehicular stops, benches, fire hydrants, or other street visual amenities. Signs shall be located near the curb rather than the building face.

Materials and Graphics

All signs shall be of an A-Frame type design, shall be constructed of durable, weather-resistant materials and finish, shall have no moving parts, and shall be non-electrified. All signs shall be maintained in a clean and original appearance. Sign materials, graphics, and finish shall be of a unified design and shall be compatible with the local streetscape. All signs shall have horizontal braces spanning each side of the sign to assure rigid support. Lettering shall be legible and consistent.

Sign Removal

All signs shall be removed when the business is closed or while any snow or ice exists on the walk within eight feet of the sign in any direction.

Insurance

No permit shall be issued unless the applicant has posted in advance with the City a Certificate of Liability listing the City as additional insured in the amount of \$400,000.00.

Enforcement

A sign may be removed after notice to the owner and the permit, if issued, may be revoked if the sign does not conform to the standards herein.

For a sidewalk sign permit, come to City Hall, 389 Congress Street, Room 315, with:

- _____ Certificate of Liability Insurance
- _____ Drawing of sign showing dimensions and design work
- _____ Payment of \$30.00 plus \$1.00 per s.f. of signage.
- _____ Complete application with pre-application questionnaire and checklist completed.

1053 Forest Ave Sign

The proposed sign for New England Off-Road Outfitters will be reflective and backed with aluminum. The sign then will be attached to the existing poles using L brackets and bolts

Below is a drawing of the proposed sign
Dimensions approx. 4X8

1053 Forest Ave Sign

Description: Each rectangle sign box is 3' x10'. The top sign(Fourniers Karate) and the 3rd sign from the top(Papa Johns) are roughly 4'x 10'. The distance from the ground to the bottom of the reader board is 10'.

In the pictures below, you will notice a canvas sign under the reader board advertising the space for lease. This is where we would like to propose a new sign box. Picture 1 shows the garage bay doors which is the space New England Off road Outfitters is leasing. The space is set back from Forest Ave about 100' from Forest Ave. Coming from Morrells Corner(Pictures 2 & 3), a customer would not see any sign for New England Offroad Outfitters until they were well past the entrance to the building. The same holds true if you were coming from the opposite direction(Picture 4). A sign on the pole would help customers locate the business and/or avoid driving past the business.
