RE: Central Maine Power Company (CMP) – 138 Canco Road, Proposed New 874 Square Foot East Truck Bay Addition – Final Inspection Report

Dear Jeanie,

Spaulding Engineering and Construction Services, Inc. (SECS) completed a final inspection and project walk through of the 138 Canco Road new 874 square foot east truck bay addition with Central Maine Power Company and H.E. Callahan Construction Company. All sprinkler work and punch list items except for exterior touch-up painting of the door steel channel frames which will be completed in the spring once warm weather arrives has been completed. Please find attached a hardcopy and a Cd Rom of SECS's weekly reports and S.W. Cole Engineering concrete testing reports. All work was completed in accordance with the design drawings and specifications.

If you should have any questions or comments regarding this project, please contact me at (207) 861-9923.

Sincerely:

Daniel E. Spaulding P.E.
