75 University Street

# 151-D-13

If any driveway is impacted, it is the driveway to 75 University. It's a neighbor thing.

David,  
Can you remind me of the address on this waiver?  
Marge

Mr. Bouchard:

This email is to inform you that you have been granted a waiver from the requirement to install a four foot fence on your property side line for the first 25 feet from the road right of way and allow you to install a six foot for that first 25 feet.

As we discussed on the phone, this waiver may be rescinded if your neighbors have a valid issue, that being site distance which at this time I do not see as an issue.

If you have any questions, please call.

Hi David,  
Have you had a chance to take a look a the property line for my proposed fence. Looking forward to your response.
