

CITY OF PORTLAND

April 13, 2001

Mr. Michael Komich
Cheverus High School
267 Ocean Avenue
Portland, ME 04103

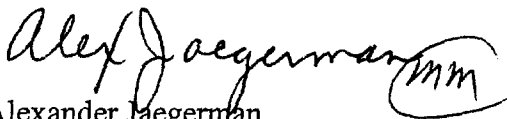

RE: Cheverus high School, 267 Ocean Avenue
CBL 156F002

Dear Mr. Komich,

This letter is to confirm that the Portland Planning Authority has reviewed and approved a change in the exterior materials for the concession building at the Cheverus High School site on Ocean Avenue. The approval involves substituting a concrete block material for vinyl siding shown on the original plan. Please note that this approval does not include the maroon accent stripe feature. This particular feature does not appear appropriate given the context of the adjoining residential neighborhood.

Should you have any questions concerning this letter, please call Rick Knowland of the Planning Staff.

Sincerely,

Alexander Jaegerman
Chief Planner
