Hi Jessica,

I'm just taking a first look at your tent/stage permit for your event at Payson Park. Would you be able to e-mail me the actual product info/technical specs for the stage? The rental company should be able to provide this.

Thanks,
Chris

Hi Erin!

Working on tent and stage permits for our event on May 20.

Would you be able to e-mail Christina and I the actual product info/technical specs for the stage? See request below from the inspections department...

Thanks!!!

Hi Chris!

Did they send you what you need?

I know that the stage is 12x20 with 2 ft risers and the tent on top is 10x10.

Is that what you need? Hope this will make things easier... if not I will call them now.

I'm not sure what is defined as "technical specs" but I can tell you that the sections are 4' x 4' and they have a weight limit of 81 lbs per square foot. The legs will be 2' tall and the stairs themselves are 44" in width.

I hope this is all you need. If I'm missing anything, I can contact the warehouse and ask them for whatever it is you still need.

Thank you!
