PRODUCT OVERVIEW

The 70 Series new construction Double Hung window uses the latest window technology to make a strong, energy efficient window. As our premium new construction Double Hung Windows, it is an ideal choice for many applications. It's beautiful brick mold design adds elegance to any home, while it's vast selection of designs and sizes enables you to showcase your unique style. Beneath it's traditional appearance, this low-maintenance vinyl window is hard at work providing durable, energy efficient performance for comfort and beauty.

- Energy efficient design
- Dual weather stripping creates a weather tight seal
- Low-maintenance vinyl never needs painting
- Both top and bottom sash operate
- Easy to clean tilt-in top and bottom sash
- Decorative colonial exterior frame enhances curb appeal
- Built-in J-channel provides smooth transition to exterior siding
- Factory applied exterior trim option complements the architectural style of your home
- Custom sizes available
- Actual size: 37.75 in. x 56.75 in.
- Nominal size: 3/0 x 4/6
- Standard Size: 36 in. x 54 in.

PRODUCT OVERVIEW

A full-length window in the durable polystyrene core of the JELD-WEN 32 in. x 80 in. White Prehung Left-Hand Inswing Premium 1 Lite Entry Door with Brickmold lets light into any home. Dual-pane glass is tempered for strength and insulated for energy efficiency. 2 layers of baked-on enamel primer coat the galvanized steel surface, allowing even painting or staining to match any color scheme. Adjustable sills and weather stripping protect against the elements.

California residents: see Proposition 65 information*

- Galvanized steel resists rust and corrosion
- 1-Piece polystyrene core provides long-lasting insulation
- Adjustable sills protect against the elements
- Weather stripping keeps your home warm in the winter and cool in the summer
- Prehung and Ready to install with a white wood frame
- Dual-pane insulated glass insert
- Aluminum-finished sills and brass-finished hinges
- 2-Coats of baked-on enamel primer allow even painting or staining
- Requires a 34-1/2 in. x 82-1/2 in. rough opening for a secure fit
- Brickmold enhances insulation
