The application is for an NFPA 13D sprinkler system on the second floor only due to converting the 2nd floor from business occupancy to a dwelling unit. The building is currently business use throughout and the first floor will remain so. The building being converted to multiple, mixed use without 2-hour separation. The exits will be 1-hour and the floor/ceiling assemblies are constructed of plaster and lath or sheetrock. The building will have to be sprinklered throughout and is outside the scope of NFPA 13D or 13R. The State will permit the use of the Maine Life Safety sprinkler standard and the Fire Department will consider it if the owner will submit a written request for a code modification.

The GC and sprinkler contractor have both been notified.

Dept. of Building Inspections
City of Portland Maine

Sprinkler system cost must deduct costs that would have been incurred if the system did not provide sprinkler service. In a well pump system it would include the difference between the well pump to be installed and the one that would have been installed if there were no sprinkler demand on the system. Includes additional piping and valves that are required only because of NFPA Standard 13D, and not already required for domestic needs. Includes cost of sprinkler heads and additional installation costs.

Fire Sprinkler System Permit

9996

BETHANY HOUSE PARISH OFFICE

Located at: 10 ALTON STREET
 In the Town of: Portland
 Occupancy/Use: APARTMENT
 Type of System: NFPA 13D

Permission is hereby given to:

Freedom Fire Protection, Inc.
 209 Quaker Ridge Road
 Casco, ME 04015
 Contractor License # 295

to begin installation according to plans submittal approved by the Office of State Fire Marshal.
 The submittal is filed under log # 2121186 , and no departure from the application submittal shall be made without prior approval in writing. This permit is issued under the provisions of Title 32, Chapter 20, Section 12004-I. Nothing herein shall excuse the holder of this permit from failure to comply with local ordinances, zoning laws, or other pertinent legal restrictions. This permit shall be displayed at the construction site or be made readily available.

This permit was issued on 5/1/2012 for a fee paid of \$25.00

This permit will expire at midnight on Sunday, October 28, 2012

The expiration date applies only if the installation has not begun by that date and no permission has been granted to extend the date. Once installation begins, then the permit is valid for however long it takes to complete the installation, assuming that the work is fairly continuous.

John E. Morris
 Commissioner

The type of Fire Department Connection and its location is to be according to the Local Fire Department

Within 30 days of the completion of a new fire sprinkler system or an addition to an existing fire sprinkler system, a fire sprinkler system contractor shall provide to the Office of State Fire Marshal a copy of this permit signed and dated by the certified Responsible Managing Supervisor representing that the fire sprinkler system has been installed according to specifications of the approved plan to the best of the supervisor's knowledge, information, and belief. This requirement is part of the sprinkler law, and neglect of this duty is grounds to not renew the contractor's license to do work in the State of Maine. All renewed sprinkler licenses are good for two years and expire on a June 30th.

Brad Saucier - Re: 10 Alton St. Fire sprinkler permit

From: Benjamin Wallace
To: Ann Machado; Brad Saucier; Chris Pirone
Date: 6/4/2012 4:40 PM
Subject: Re: 10 Alton St. Fire sprinkler permit

If you have the no-fee permit just send it through. We'll deal with it on our end when it arrives after Zoning sends it over.

Thanks,
Ben

It also makes a difference as to the standard they install the sprinkler system to. Pretty important detail.

>>> Chris Pirone 5/4/2012 11:35 AM >>>
It appears this is more than a 2unit according to our records. Ann Machado would have to weigh in on the legal use. No fee for one-2 units, 3+units will be charged a fee.

Hi

I just took in a sprinkler permit from Freedom Fire on a One-Two Family application. There seems to be some confusion whether this is an actual residential One-two unit or a commercial property. Could someone tell me what I need to do on this one? Should this be charged?
