**RE: Proposed Telecommunications Collocation, US Cellular Site 853418  
Rosemont, Portland, ME**

To the Portland Code Enforcement Officer;

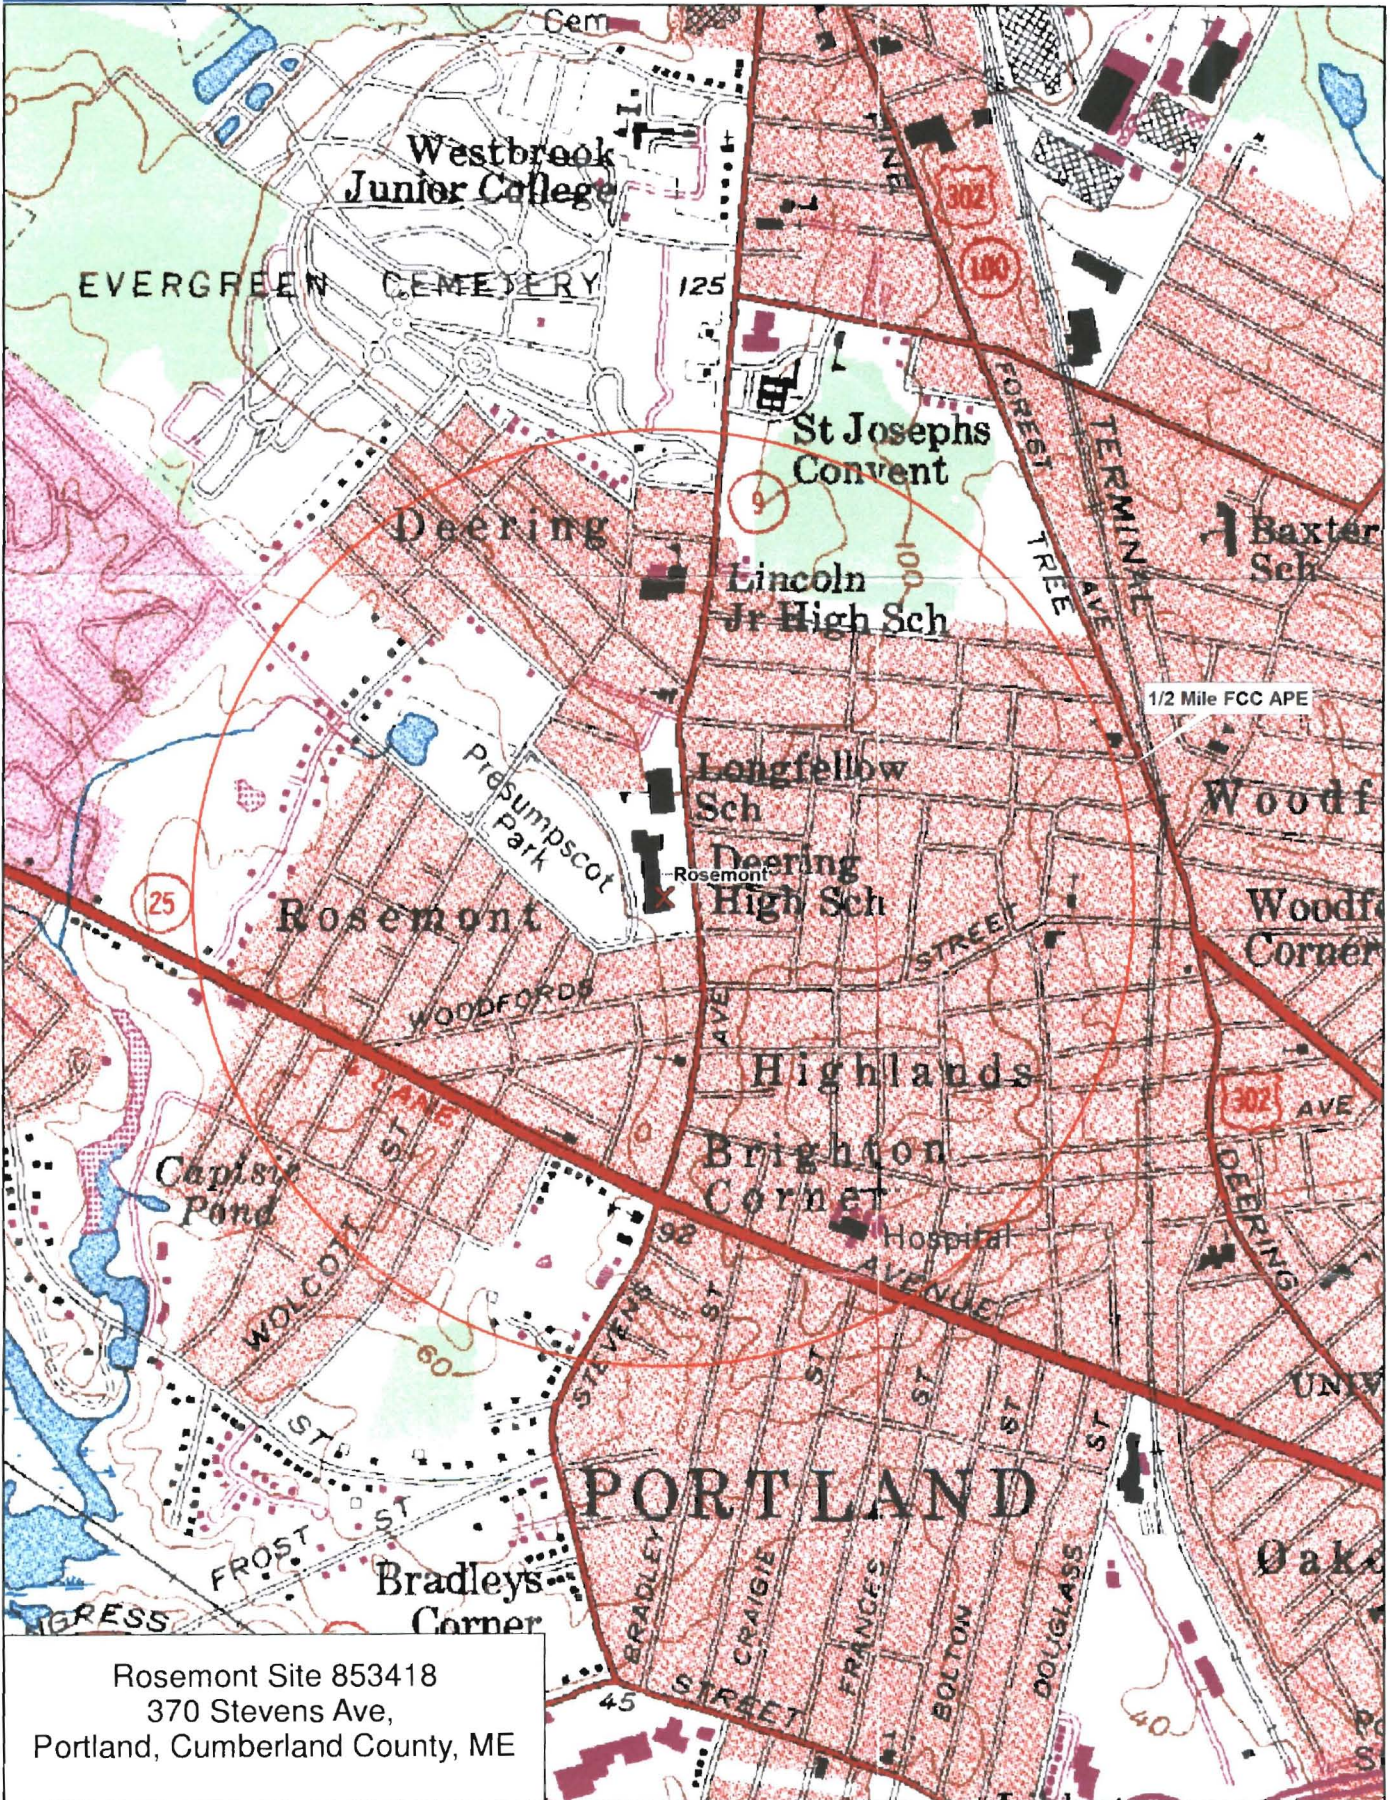

A & D Klumb Environmental, LLC is conducting a Section 106 review for the above referenced project at the request of our telecommunications client. US Cellular is proposing to install an antenna array on the existing guyed tower on the rooftop of the building located at 370 Steven Ave, Portland, ME. The antenna array will be located at the height of 95 feet on the 111.5 foot guyed tower located on the rooftop. Any proposed cables an equipment will be utilizing the existing cable tray and equipment shelter.

As part of A & D Klumb Environmental's Section 106 review, we are required to notify the local government of the above information. A & D Klumb Environmental, LLC will be conducting a full Section 106 review and submitting all findings to the State Historic Preservation Office for review. Should you have questions or comments regarding any structures or places listed on or eligible for listing on the National Register of Historic Places that may be impacted by this collocation please contact me.

A & D Klumb Environmental, LLC would like to thank you in advance for your time. Please contact me at (603) 746-5065 if you have any questions.

Sincerely,

Audra L. Klumb  
President
