Jami,

Jon Jennings will be waiving the usual permit fees for the UR5K & GNFF. I will let Ted and others know. Also, I'm waiting for a response from Traffic regarding the use of variable message boards to alert residents about the temporary street closures, the availability of the VMBs on April 22nd and any associated fees.

Have a good weekend.

Doug

Doug and Ben,

Thank you for taking the time to meet this morning about the City's MS4 needs and the Greener Neighborhoods Cleaner Streams program for FY17.

To follow up, I am attaching DEP's most recent version of audit questions. During the tabletop review portion of the audit, DEP will ask for answers to all of these questions. As I mentioned when we met, this form was updated in April 2016 based on DEP's experience in earlier audits. They may make more updates as they prepare for their 2017 audits, but this is a good place to start.

I have also attached the thank you letter that was sent to all 2016 Urban Runoff sponsors. The letter contains 2016 participation numbers and media coverage of the event. Please let me know if you need anything else to request that the permit fees be waived for the 2017 events.

Thanks again for meeting with me this morning. We appreciate your continued partnership!

Best,

Jami
