Hey Chuck good seeing you the other day, I talked to my uncle John Bellino about setting up a sprinkler head above the furnace and hot water heater, he said it is an easy install and he will send someone over next week (9-20). I also talked to my friend Doug about starting with Leo's apartment on the third floor changing the two doors and the next month starting on the second floor. Just wanted to give you an update on my plan, let me know if there is anything else you need for the legalization, thanks.

NOTICE: Under Maine's Freedom of Access ("Right-to-Know") law, documents - including e-mail - in the possession of public officials about City business are classified as public records. This means if anyone asks to see it, we are required to provide it. There are very few exceptions. We welcome citizen comments and want to hear from our residents, but please keep in mind that what you write in an e-mail is not private and could show up in the local newspaper.

I think I forgot to create the compliance form for this legalization - see attached.

Do you know if someone from fire has inspected it?

Thanks,
Chris

Fire was unable to join me for the inspection, However, they were comfortable with me doing it alone. I need to result it.

Chuck

Chris,
Please see attached. I am copying Captain Petrucelli on this for his approval.
Captain, I don't believe there were any other issues with this from your perspective.
thanks, Chuck

Hi Rocco,

Attached is Chuck's formal legalization inspection documentation. I have also received the updated plot plan you sent, thank you.

The next step on my end is to send out the abutter notification postcards, which I am requesting today. Once they go out, we have to wait 10 business days to see if we receive any formal objections. If not, we should be good to move forward on the approval once you get the required work completed.

Let me know if you have any questions at this time.

Chris
