Subject: Certification of Occupancy

Hey Dave sorry I missed you at concord west, hopefully my dad filled in adequately. He mentioned that I have a few other doors to install, money has been tight so I am planning on completing one at a time I will have them done in the allotted 6 months that my father mentioned is the "deadline." The two fire doors I did install came out great in the third floor and Chris Stacey wanted me to follow up with you so we can finish the certification of occupancy for the third floor so we can finish the process. Let me know if you need anything else.
