RE: ReVision Energy Heat Pump Installation at 15 Belfield St, Portland, ME

Dear Code Enforcement,

ReVision Energy has been contracted to design and install an air source heat pump system at the above address in Portland. This letter is to confirm that all work will be performed by licensed and qualified installers, expert in the field and in compliance with both manufacturer's recommendations and all applicable local and state codes and standards.

ReVision Energy employs licensed engineers, plumbers, and electricians and carries the solar industries highest certifications (NABCEP) in both solar thermal and photovoltaic installation. We're committed to high quality, code compliant work and look forward to working together with the city and the CEO to ensure that all your requirements and needs are met and that our customer ends up with a system that is beautiful, functional and safe.

Electrical and grounding: All electrical work to be performed by a licensed ME electrician and will conform to NABCEP and OSHA work standards, manufacturer's recommendations as well as to NEC 2014, including specifically the Rapid Shutdown requirements in Article 690.12.

If you have any questions or concerns, we'd like to address them as quickly and completely as possible. Please don't hesitate to call or e mail anytime.

Respectfully,

Fortunat Mueller, P.E. fortunat@revisionenergy.com (207) 752-6358
