Dear Inspections,

My inspector, George Froehlich, told me to send this modified drawing file to you electronically. Please add it to the Joseph Rank Residence file, at 98 Hamblet Street, Portland, 04103. We just completed a kitchen renovation there and made a slight modification of the beam. Thank you.

George also said to send you the attached photo of a GFI circuit that Brian Laflamme needed to see to complete his sign off on electrical work. If you would forward that to him as well we can close the book on this job, and hopefully get a C.O. in the mail to the Ranks soon.

Thanks a million,
