City of Portland, Maine - Building or Use Permit		Permit No: 2015-00867	Date Applied For: 04/24/2015	CBL: 181 D002001
389 Congress Street, 04101 Tel: (207) 874-8703, Fax: (207) 874-8716				
Proposed Use: Same: Single-Family Home		Proposed Project Description: Demolish existing 14' x 24' (336 SF), detached, garage, and rebuild it on the the same footprint but expand the width 4 feet for a 18' x 24' (432 SF), detached, single car garage.		
Dept: Zoning		Status: Approved w/Conditions	Reviewer: Tammy Munson	Approval Date: 06/11/2015
Note: Using section 14-433. The existing 18' x 24' garage is legally nonconforming because it is located about 18.6' from the rear property line and about 2.3' from the side proerty line. The application is to demolish it and rebuild in the same footprint but make it wider adding the four feet on the side facing the interior of the lot. This four foot expansion increases the nonconformity in relation to the rear property line. The applicant is using section 14-433 to allow the 4' wide expansion of the garage to be located the 18.6' from the rear property line. Lot coverage = 3150 sf - 1448 sf total - OK		Ok to Issue: <input checked="" type="checkbox"/>		
Conditions: 1) Your present structure is legally nonconforming as to setbacks. If you are to demolish this structure on your own volition, you will only have one (1) year to replace it in the same footprint, and same use. Any changes to any of the above shall require that this structure meet the current zoning standards. The one (1) year starts at the time of removal. It shall be the owner's responsibility to contact the Code Enforcement Officer and notify them of that specific date.				
Dept: Building Inspecti		Status: Approved w/Conditions	Reviewer: Tammy Munson	Approval Date: 07/14/2015
Note:		Ok to Issue: <input checked="" type="checkbox"/>		
Conditions: 1) This permit is approved based upon information provided by the applicant or design professional. Any deviation from the final approved plans requires separate review and approval prior to work. 2) Separate permits are required for any electrical, plumbing, sprinkler, fire alarm, HVAC systems, heating appliances, including pellet/wood stoves, commercial hood exhaust systems, fire suppression and fuel tanks. Separate plans may need to be submitted for approval as a part of this process.
