

135-139 WOODFIELD ROAD

A.P.- 135 Woodfield Road

May 15, 1967

Leif Klev
135 Glenwood Avenue

cc to: C. S. Robinov
135 Woodfield Road

Dear Mr. Klev:

Permit to construct 2-story frame addition on right hand side of dwelling is being issued subject to plans received with this application and in compliance with Building Code restrictions as follows:

1. The 2x6 ceiling joists over the master bedroom on a 16' span shall be supported by hangers nailed to the roof rafters near the ridgeboard.
2. Cooking facilities cannot be installed in this addition if it is so desired at a later date, because a kitchen already exists in this dwelling and an additional kitchen would constitute another apartment.

Very truly yours,

A. Allan Soule
Inspector

May 11, 1967

Leif Klev
135 Glenwood Avenue

cc to: G. S. Robinov
135 Woodfield Road

Dear Mr. Klev:

In checking your application to construct a 2-story frame addition on right hand side of dwelling 25' 4" x 21' 6" at the above named location we find that we are unable to continue processing your permit until further information is provided as follows:

1. The 4x12 inch header on an 18 foot span for the garage door opening does not figure out. This header will take the loads from the roof, wall, floor and ceiling. It would seem that an opening this wide and carrying this kind of a load would want to be a steel header.

Steel Beam
OK

2. What will the header be over the sliding glass doors on a 6 foot span on the rear of dwelling for the family room in the basement?

OK
HXPF

3. What will be used on the garage ceiling to give us no less than one-hour fire resistance?

OK
Phil

4. Will there be at least a 6 inch step-down from the family room in the basement to garage area? If not, how will the 6 inch threshold be provided at the door opening to the garage?

OK
C
step

Very truly yours,

A. Allan Soule
Inspector
