Conditions:

- 1) Per the 2010 Americans with Disabilities Act, business must remove architectural barriers in existing building that are readily achievable. Readily achievable means easily accomplishable without much difficulty or expense. This requirement is based on the size and resources of a business. So, business with More resources are expected to remove more barriers than business with fewer resources.
- 2) A separate City of Portland Water-Based Fire Suppression System Permit is required for all new sprinkler systems, including standpipe systems, and sprinkler work effecting more than 20 heads. This review does not include approval of system design or installation
- 3) A separate City of Portland Fire Alarm Permit is required for new systems; or for work effecting more than 5 fire alarm devices; or replacement of a fire alarm panel with a different model. This review does not include approval of fire alarm system design or installation.
- 4) This project meets the requirements for needing a Maine State Fire Marshal's Office (SFMO) construction and or barrier free permit. The City of Portland must have a copy of this permit on file before a final inspection or certificate of occupancy can be issued. If the SFMO determines that their permit is not needed then correspondence from the SFMO stating that a permit is not required shall be provided.
