Good afternoon Chris!

Thank you for contacting me with questions. We were planning to put the sign in the same exact place as the existing sign.

Hi Caitlin,

I am reviewing the application for the new dentist/periodontist sign, and everything looks ok. I had one question - can you confirm that the new sign will be set back from the front property line at least as far as the existing sign? It looks like the existing sign does not meet our current set back of 5 feet, but the sign was permitted by us in 1987 so I am OK with them replacing it in-place. They just can't move it any closer to the road.

Thanks,
Chris
