## Zoning Board of Appeals Meeting Process

You or your representative must attend the Zoning Board meeting in order to present your case and to answer any questions the Board may have concerning your appeal. Have a copy of your appeal with you.

First, the Chairperson will call the meeting to order and read the procedures.  
Next, the Secretary will call the roll of the Board members present.  
The meeting will then open to the first appeal on the agenda.

The first applicant will come forward to the small front table and give a verbal summary of what it is they are appealing to the Board. The Board will have already received your written application packet. You then may need to answer questions from the Board.

The public will have a chance to respond when the Chair first asks the public as to who would like to respond in favor or against the appeal application. The applicant will be able to respond after all the public comments.

When the Board is satisfied that they have all the information they need to make a decision, the Chairperson will close the meeting to public comment and will begin their deliberations.

The Board will make a motion (usually in the affirmative) and then further discuss the issues involved. On rare occasions, the Board may open the public portion again (temporarily) to ask another question to the applicant. After the deliberation, the Board will take an official vote and thus make and thus make an official decision

The Board will then ask the next applicant to come forward. The process continues until all appeals are heard and decisions are rendered.

The Chairperson will then adjourn the meeting.

A copy of the Board's decision will be mailed to you, along with a bill for abutter's notices and legal ads. We will also include a building permit application if deemed necessary.

The Building Permit application will have to be filled out and returned to Inspection Services on the 3<sup>rd</sup> floor of City Hall, as per current application process. A document outlining the Building Permit process is available at the office or on line at: <http://www.portlandmaine.gov/DocumentCenter/View/4468>. It is the responsibility of the applicant to submit all the required documents and plans that are listed on the permit application checklist. Any outstanding fees incurred during the Appeal process must be paid before the building permit can be issued.
