Morton -

I have completed my initial zoning review of the demolition permit for 90 Frances Street but I cannot sign off yet. You did not complete the demolition call list. You need to call the Maine DEP office at 287-7751 and the two Departments/Divisions listed under the City of Portland that you did not call. It is necessary that you call them. This includes DPW - Traffic Division and Historic Preservation. I cannot sign off until I receive a revised call sheet or an email stating who you talked to and the date for the three numbers that you did not call. If you have to leave a voicemail, do so and note it on the email.

Once I receive email from you, I can sign off for zoning. The next step will be that our front staff will call you to schedule the pre-demolition inspection. This is required before you can demolish the building. Once the pre-demolition inspection has happened and the code enforcement officer has signed off on the inspection, a building code plan reviewer will check the application and issue it. Only then can you demolish the building.

Please let me know if you have any questions.

Ann
