Dear Emily –

As required by the City of Portland, I am sending you this letter to let you know I will be demolishing my wood deck and the attached steps this summer. I will also be removing and filling in the door that presently leads from the house to the deck and covering the filled-in door opening with wood shingles. City of Portland regulations require a notification letter be sent to the owners of all adjoining properties.

Sometime last winter, the deck suffered a partial collapse. The deck is not visible from your property; you are welcome to come over and see the deck should you wish! The long-term plan is to put a permeable, brick-surfaced patio in the place of the deck but this is far in the future.

Thanks in advance for your attention to this issue,

Margaret Gaertner
