RE: 137- 143 (called 139) William Street – 081-A-013 – (the “Property”) R-5  
Residential Zone

Dear Ms Denison,

I am in receipt of your request to determine the legal number of dwelling units on the Property. The Property is located within an **R-5** Residential Zone. A research of our microfiche shows a building permit issued on October 17, 1927 for alterations to the Property. This permit lists the number of dwelling units of the Property as eight (8) dwelling units. A following permit issued to the Property on December 18, 1930 lists the number of dwelling units of the Property **as** eight (8) dwelling units.

The birth date and basis of the current zoning ordinance is June 5, 1957. The Property has a building permit record showing the legal number **of** dwelling units as eight (8) dwelling units in existence prior to June 5, 1957. Currently eight dwelling units within the **R-5** zone would require a lot size of 48,000 square feet instead of the 13,144 square feet shown on the assessor’s records for the Property.

The Property is legally nonconforming in regards to the number of dwelling units per land area. No other dimensional requirements were checked per your request.

If you have any other questions regarding this matter, please do not hesitate to contact this office.

Very truly yours,

Marge Schmuckal  
Zoning Administrator
