Attached please find the revised application and attachments labeled as requested. As this sign is going in the same location as the current sign which was permitted a couple years ago is a plot plan necessary? If so which department at city hall would I need to speak with to acquire one?

Mason, you need to title all your PDFs appropriately (what they are) and also fill out the expected cost. I also did not see a plot plan showing where the sign was going (with dimensions). I saw a picture you wrote on; thats NOT a plot plan.

Once we get the updated documents, then we can enter and take your payment.

Brad, I hadn't heard anything back on this one. Am I clear to bring a check over?

Attached please find the sign permit application packet for DeGrinney law. Once reviewed please let me know the final cost and I will bring a check in person to City Hall.
